

abstracta[®] modular display system

design poul cadovius

Features	Benefits
Abstracta is a system of round tubes and connectors available in 13mm and 19mm which form structured units for unlimited use.	Open modular system which showcases and accentuates any product. Lightweight, portable, versatile, stable and reusable. Timeless system developed over 30 years ago by Danish architect, Poul Cadovius. Unlimited configurations and designs available with unbeatable customer service. Manufactured in the USA.

Systems - Tubes, Connectors and Accessories

13mm (1/2") System	Lightweight, modular and portable for ease in assembly, versatility and reconfiguration. Each shelf holds up to 45 lbs.
--------------------	---

Connectors

90° Metal alloy connectors used to connect the tubes together. 120° available in limited colors.	Allows for strong durable display units. Components are interchangeable, allowing for multiple configurations.
--	--

Tubes

1/2" OD steel calibrated round tubing (19 gauge) available in stock and custom lengths.	Calibration allows for dependable and accurate joining with connectors. Clean lines of tubes accentuate any décor.
---	--

13mm Accessories

012 Vinyl Bumper	Allows for secure and protective fit for shelving.
506 Plastic Glides	Slips into tube ends, capping legs on display to protect flooring.
527 Adjustable Shelf Brackets	Allows adjustable intermediate shelving, which holds up to 20 lbs.
613 Support Clip	Versatile clip for long shelf spans and attaching wood shelves and panels.
620/625 Asymmetrical Shelf Bracket	Allows for continuous shelving and panels. The 625 clip accommodates higher amounts of weight and recommended for wall mount application.
626 Mini Shelf Bracket	Allows for non-continuous shelving.
630 Tube Insert	Adds a tube to any existing unit.
705 Adjustable Leg	Fits into tube ends for height adjustment up to 1/2".
726 Adjustable Panel Clip	Attaches vertical panels; for substrates that range from 1/32" to 5/16".
728A 1/4" Panel Clips	Attaches vertical panels up to 1/4" thick.
728B 1/8" Panel Clips	Attaches vertical panels up to 1/8" thick.
730 S-Clip	Attaches two units together without changing individual structure.
738 Hang Clip	Suspends vertical panels on units or anchors units to walls.
904 Nylon Caster	Adds non-locking wheels to units for ease in moving. Holds up to 50 lbs.
920 Locking Spring	Provides a tighter fit for permanent displays or loose connections.

Finishes

Bright chrome plating, matte black, gloss silver, gloss white and gloss sand.	Extensive color palette from which to choose; all of which are the same price point. Custom colors available with additional charges. Allows Abstracta to accentuate any décor or product.
---	--

19mm (3/4") System	Lightweight and portable system for permanent use. Each shelf holds up to 250 lbs.
--------------------	--

Connectors

90° Metal alloy connectors used to connect the tubes together.	Allows for highly durable display units. Components are interchangeable allowing for multiple configurations.
--	---

Tubes

3/4" OD steel calibrated round tubing (18 gauge) available in stock and custom lengths.	Allows for dependable and accurate joining with Abstracta connectors. Clean lines of tubes accentuate any décor.
